PERSONAL STATEMENT

A highly motivated and adaptable Computer Science undergraduate with a strong academic record and a passion for emerging technologies. I bring hands-on experience in Cybersecurity, Full Stack Web Development, and Artificial Intelligence, backed by a solid foundation in core computer science principles. Through consistent project work, virtual internships, and leadership roles, I have developed both technical expertise and collaboration skills. I am eager to contribute to impactful, innovation-driven teams at Tata Consultancy Services (TCS), while continuously learning and evolving in dynamic tech environments.

Domain Interests: Cybersecurity, Full Stack Development, Artificial Intelligence

EDUCATION

GVPCE(A)	B.Tech in CSE (Data Science)	Nov 2022 – Present	9.08/10 GPA
SVN	Intermediate (MPC)	Apr 2020 – Jun 2022	95%

ACADEMIC ACHIEVEMENTS

- Ranked among the top 15 in B.Tech and top 5 in Intermediate.
- Achieved CodeChef Diamond Badge with a current streak of 136 days.
- Maintained a consistent SGPA of 8.6+ across all semesters.
- Demonstrated strong performance in core subjects such as Data Structures (DS), Operating Systems (OS), Machine Learning (ML), and Artificial Intelligence (AI).
- No significant academic or professional gaps; consistently engaged in internships and continuous learning.

HACKATHONS & COMPETITIONS

- Qualifier**, SIH Internal Round – Indoor Navigation System for Railway Stations (2024).
- Participated in 2+ college-level hackathons in **Cybersecurity** and **AI/ML** domains.
- Recognized for innovative thinking and solution-building in competitive tech events.

TECHNICAL SKILLS

Python		75%
C		65%
HTML, CSS, JavaScript		80%
MySQL		75%
Git, GitHub, GitLab		80%
VS Code, Jupyter		80%
Nmap, Metasploit, Burp Suite		80%
Snort, Splunk, Wazuh		85%
Operating Systems (Windows, Ubuntu, Kali)		85%
Core Concepts (CN, OS, VAPT, SOC)		80%

INTERNSHIPS

AIML Intern (Virtual)

Jan 2024 – Mar 2024

Google for Developers (in collaboration with AICTE and EduSkills)

- Completed a 3-week intensive internship certified by AICTE.
- Acquired foundational knowledge of AI models and core concepts.

Cyber Security Intern (Virtual)

Jan 2025 – Feb 2025

Edunet Foundation (in collaboration with AICTE)

- Completed a 6-week intensive internship certified by AICTE.
- Learned cybersecurity fundamentals and attacker classifications.
- Explored steganography and its applications in data concealment.

VAPT Intern (Virtual)

Mar 2025 – May 2025

Cyberthreya

- Conducted Vulnerability Assessment and Penetration Testing (VAPT) on virtual machines using Kali Linux.
- Executed scanning, exploitation, and vulnerability reporting.
- Worked with tools like Nmap, Burp Suite, Hydra, and Metasploit.

Cloud Security Intern (Virtual)

Apr 2025 – Jun 2025

Zscaler

- Studied Zero Trust architecture and cloud security principles.
- Completed hands-on labs on threat detection and secure access control.

Ethical Hacking Intern (Virtual)

June 2025 – Present

InlighnTech

- Hands-on training in OWASP Top 10 and red teaming basics.

PROJECTS

GVPXplore | MERN Stack (In Progress)

- Contributing to a student portal with department-wise updates, event feeds, and faculty connections.
- Built using MongoDB, Express.js, React.js, and Node.js for full-stack development.

FashionPicker | Tensorflow, OpenCV, HTML, CSS, JavaScript (In Progress)

Wordle Game – Python CLI | Python, Streamlit

- Developed a command-line version of the Wordle game with dictionary logic and letter-position filtering.
- GitHub: github.com/srivatsavdevarakonda/wordle_game

Steganography – Image Encoding/Decoding | Python, OpenCV

- Created an application using LSB-based steganography to securely embed and retrieve hidden messages in images.
- GitHub: github.com/srivatsavdevarakonda/stego-project

Phishing Email Detection System | Splunk (In Progress)

- Designing a system using Splunk to detect phishing attempts through log analysis and pattern recognition.

CERTIFICATIONS AND CERTIFICATES

- **ServiceNow Certified System Administrator**
- **NPTEL - Ethical Hacking**
- **Cyberthreya - Ethical Hacking, SOC Analyst, VAPT**
- **Zscaler - Cybersecurity Fundamentals**

EXTRACURRICULARS & LEADERSHIP

- **Rotaract CRR** – Class Representative for RACGVP.
- **Outreach Member** – Data Science Club (DS-GVP).
- **Stand-Up Comedy**: 3rd Place in a college cultural event.
- **Basketball**: 2nd Place in a college tournament.
- Recognized for outstanding essays in **Essay Writing Competitions**.

PERSONAL INTERESTS

- Listening to music; enjoy outdoor sports like basketball and cricket.
- Adventure and travel enthusiast; enjoy reading comics.
- Animal lover – own a cat and passionate about pet care.
- Mother is a working professional.
